Why We Relay, Why We Run

This year is the second 5K/1M race benefiting Relay for Life of Juneau. Join us to support an organization that provides local services such as transportation and lodging. Dollars raised also funds research for all types of cancer, and promotes prevention and early screening practices.

We are looking forward to bringing the community together to support the American Cancer Society and help bring a healthy and fun activity to all. The race will be timed, and winners will be awarded in each age group. **After the race, please enjoy breakfast of waffles or pancakes with fruit and juice. Breakfast is available to the entire community, not just racers.**

Relay for Life of Juneau is an 18-hour overnight event, starting at 6pm on June 3. Walkers will be on the "track" on Dimond Park field #1 until noon on Saturday June 4. Walkers (including strollers, and dogs on leashes) are welcome to walk the track if you are unable to participate in the race. Activities are planned for all ages during this 18-hour event. Please join us
